

## Modular Plastic Floor Tiles

### Product Images

---

### Short Description

---

Walk-on modular tiles designed for ground leveling flooring and insulation.

### Description

---

Walk-on modular tiles, designed for levelling minor ground bumpiness, load distribution and insulation.

Walk-on modular tiles designed for ground leveling flooring and insulation. Made of PE, CLADIS modular plastic floor tiles are resistant to acids, solvents, and oils. The surface is non-slip and designed so that it reduces fatigue.

They are perfect for the creation of stable and uniform surfaces, even when the ground they are applied on is not seamlessly leveled.

Additional Information
